### Child & Family Connections Illinois Early Intervention Program Options and Advocacy for McHenry County

**(815) 477-4720**

365 Millennium Drive, Suite A, Crystal Lake, IL 60012  
[www.optionsandadvocacy.org](http://www.optionsandadvocacy.org)

Child & Family Connections is the system point of entry for Illinois Early Intervention Services within McHenry County for children under 36 months of age!

Early Intervention services are designed to meet an infant or toddler’s needs who may be experiencing challenges related to their development. In Illinois, a statewide system called Early Intervention finds and helps arrange services for children who need support to achieve healthy development. Services are provided in the child’s natural environment such as your home or community settings in which children without delays would participate.

Referrals to CFC can be made by a family member, doctor, day care provider, or anyone concerned about the development of a child who is under 36 months old.

If you have concerns about a child’s development, you can reach out to Early Intervention to start the evaluation process. Evaluations are free!
